### Super Saver Option Terminated

Super Saver was an optional, temporary, health insurance program developed by UNITE HERE HEALTH to help eligible members and dependents who lost benefits due to no work, layoff, or reduced hours. The goal was to provide much-needed health benefits to participants during a widespread health crisis.

When the 100% COBRA subsidy or free health insurance became widely available, Super Saver was put on hold from April through September 2021.

Super Saver was originally scheduled to end on October 31, 2021, but this SMM is to notify you that the program will permanently end on September 30, 2021. If you'd like information on health insurance options, please visit [www.uhh.org/govt](http://www.uhh.org/govt).
